BOOKING INFORMATION

Date:

Venue:

Starting Time:

Finishing Time:

PA:

The band normally comes equipped with its own PA system designed to provide ample volume for most venues. If the anticipated audience and or venue is particularly large a more powerful system will be needed. We can quote for the hiring of additional amplifiers and speakers, or can recommend a PA company.

Please note that we arrive about an hour earlier than the starting time to set up PA for the function.

Catering:

It is usual practice for the band to be catered for if food is being provided to guests. Please advise of the catering arrangements for the function. The band considers the entertainment of guests to be our first priority and times any break accordingly.

Particular Requests: Please advise in advance of particular requests and other relevant details by phone or email.
